

# Jo també vull ser client

Campanya informativa sobre els  
comerços i bars de Girona ciutat

**2017**

# Estudi 2017

Aquest estudi és un seguiment del que ja es va elaborar entre els anys 2013 i 2015 per saber el número de botigues que hi ha a Girona ciutat a les quals es pot accedir, classificades per la seva activitat.

Enguany, com a novetat, hem afegit els bars.

No parlem d'accessibilitat, ja que aquest és un terme que inclou altres característiques, **només ens referim al fet de poder entrar quan s'és usuari de cadira de rodes.**

Així doncs, hem utilitzat 3 colors, **verd** si podem entrar, **vermell** si no i **groc** si és practicable (quan hi ha un petit esgraó d'1-1<sup>1/2</sup> cm.).

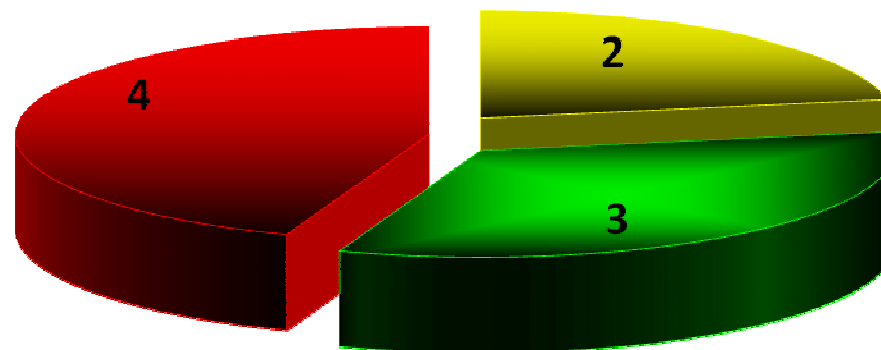

# Estudi 2017

Les dades sobre els establiments pertanyen al novembre de 2016, la ronda de visites es va dur a terme el març de 2017 i l'estudi s'ha acabat d'elaborar el juliol de 2017.

S'ha de tenir en compte que el període d'existència d'alguns establiments és molt curt i canvien d'activitat o, senzillament romanen tancats.
